INTRODUCTORY

THE 1905 edition of the Bloomington and Normal Directory is herewith presented to our patrons.

This is the largest and best directory that we have issued.

Estimating the population by the method used by Directory publishers everywhere, Bloomington shows a population of 34,200, but the publishers do not vouch for this system of computation.

The growth of population in several parts of the city can be noticed, particularly in the extreme eastern where East Lawn has caused a change in the addresses of many families and also in the city map.

The letter "S" still heads the list in respect to the number of names, followed in succession by M. H. and B. Of all of the letters in the directory "Q" has the fewest. "X" is the one letter that gives the compiler no trouble as it has not yet appeared.

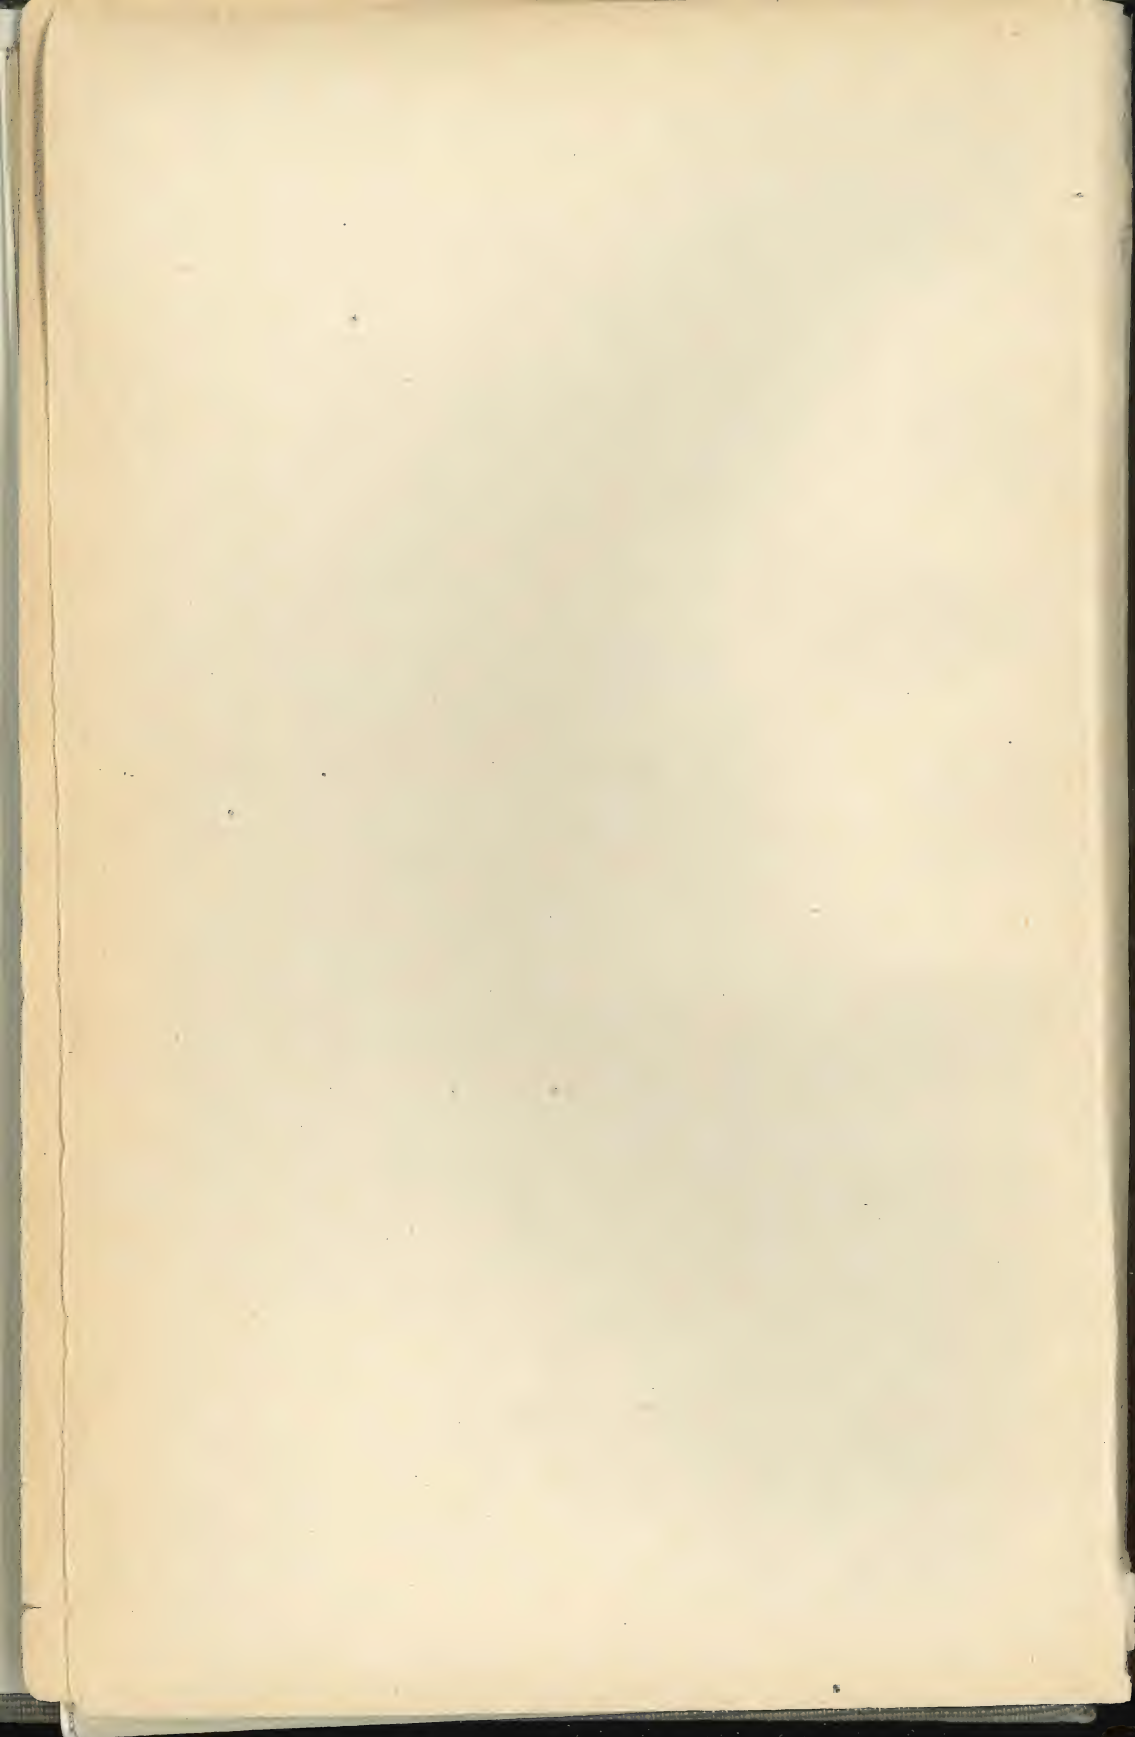

Bloomington is experiencing a steady and substantial growth.

We thank our patrons for their hearty support.

Very truly yours,

Pantagraph Printing & Stationery Co.

The Sudduth Pear

THE trees bear early, annually and abundantly; attain enormous size and age, have stood an eighty years test, and have never been known to blight. The original tree is eighty-five years old, fifty-five feet high, ten feet in circumference, has often bore eighty bushels in a single season, and for eighty years has not failed to bear an abundant crop each season. The beautiful symmetrical shape of the trees makes them very desirable for ornamental purposes, growing as fast as a soft maple and making as beautiful a tree as a hard maple.

A complete history of this marvelous fruit, also our wholesale price-list of general nursery stock, mailed free.

As said before, this Ice is harvested—not made
by man—but by the Great Creator.

This Ice is pure; it is cold; it is solid—not snow ice; it keeps butter hard; it preserves fruit; it does each and everything that the buyer expects Ice to do when he pays his money therefor. Every one should engage only peddlers who handle the Arctic Ice Company's cool, solid, refreshing, preserving, heat-defying, invigorating and health-upbuilding Jack Frost products of their clear crystal lake.

Reasons Why We are Growing

We tell you the *exact date* we will *make complete delivery*.

You can arrange to use it at that time, for we never disappoint.

Under no circumstances do we make a promise we cannot fulfill.

We would much rather refuse your order than to misrepresent.

We use Queen City Printing Ink Co.'s celebrated brand of inks.

These are a few of the many reasons our business is to-day as large as that of all other job printing offices in Bloomington combined.

Try us on a quick, difficult order.

PERFECT FIT

The Sudduth Pear

THE trees bear early, annually and abundantly; attain enormous size and age, have stood an eighty years test, and have never been known to blight. The original tree is eighty-five years old, fifty-five feet high, ten feet in circumference, has often bore eighty bushels in a single season, and for eighty years has not failed to bear an abundant crop each season. The beautiful symmetrical shape of the trees makes them very desirable for ornamental purposes, growing as fast as a soft maple and making as beautiful a tree as a hard maple.

A complete history of this marvelous fruit, also our wholesale price-list of general nursery stock, mailed free.

GOOD SERVICE

OUR SUPERIOR EQUIPMENT AND SPLENDID ORGANIZATION IS ADMITTED

IN ADDITION to good service we offer you the advice of trained men at the head of each department whose ideas about printing, binding, and kindred trades have been gathered during years of service in the business.

We get most of our business outside of Bloomington; customers come to us by mail to get the advantage of our superior service.

Without this intimate knowledge of our customers' needs it would be impossible to keep up this immense establishment in your midst, by far the largest in the state outside of Chicago. If you have been overlooking this service hadn't you better stop and think about it.

Our pay roll averages over \$1,000 per week the year round, and some of it in the course of business gets into your hands.

It costs you no more to do business with us than with other houses in the country, quality and service taken into consideration.

No job too large for our plant, none too small to receive our careful thought and prompt attention.

TWENTY miles of street railway between and in Bloomington and Normal and surrounding territory. Ten minute service to Normal, choice of two routes. Quick service to the Soldiers' Orphans' Home, State Normal University, Brokaw and St. Joseph Hospitals, Alton Shops, Miller Park, Houghton Lake, Country Club and to all parts of the city from the court house square.

If in doubt about the car line to reach any street, park or place, refer to Street Directory, pages 577 to 670.

Electric Light and Power.

Electric light in your home means *comfort, convenience and cleanliness*. You turn the switch, we do the rest.

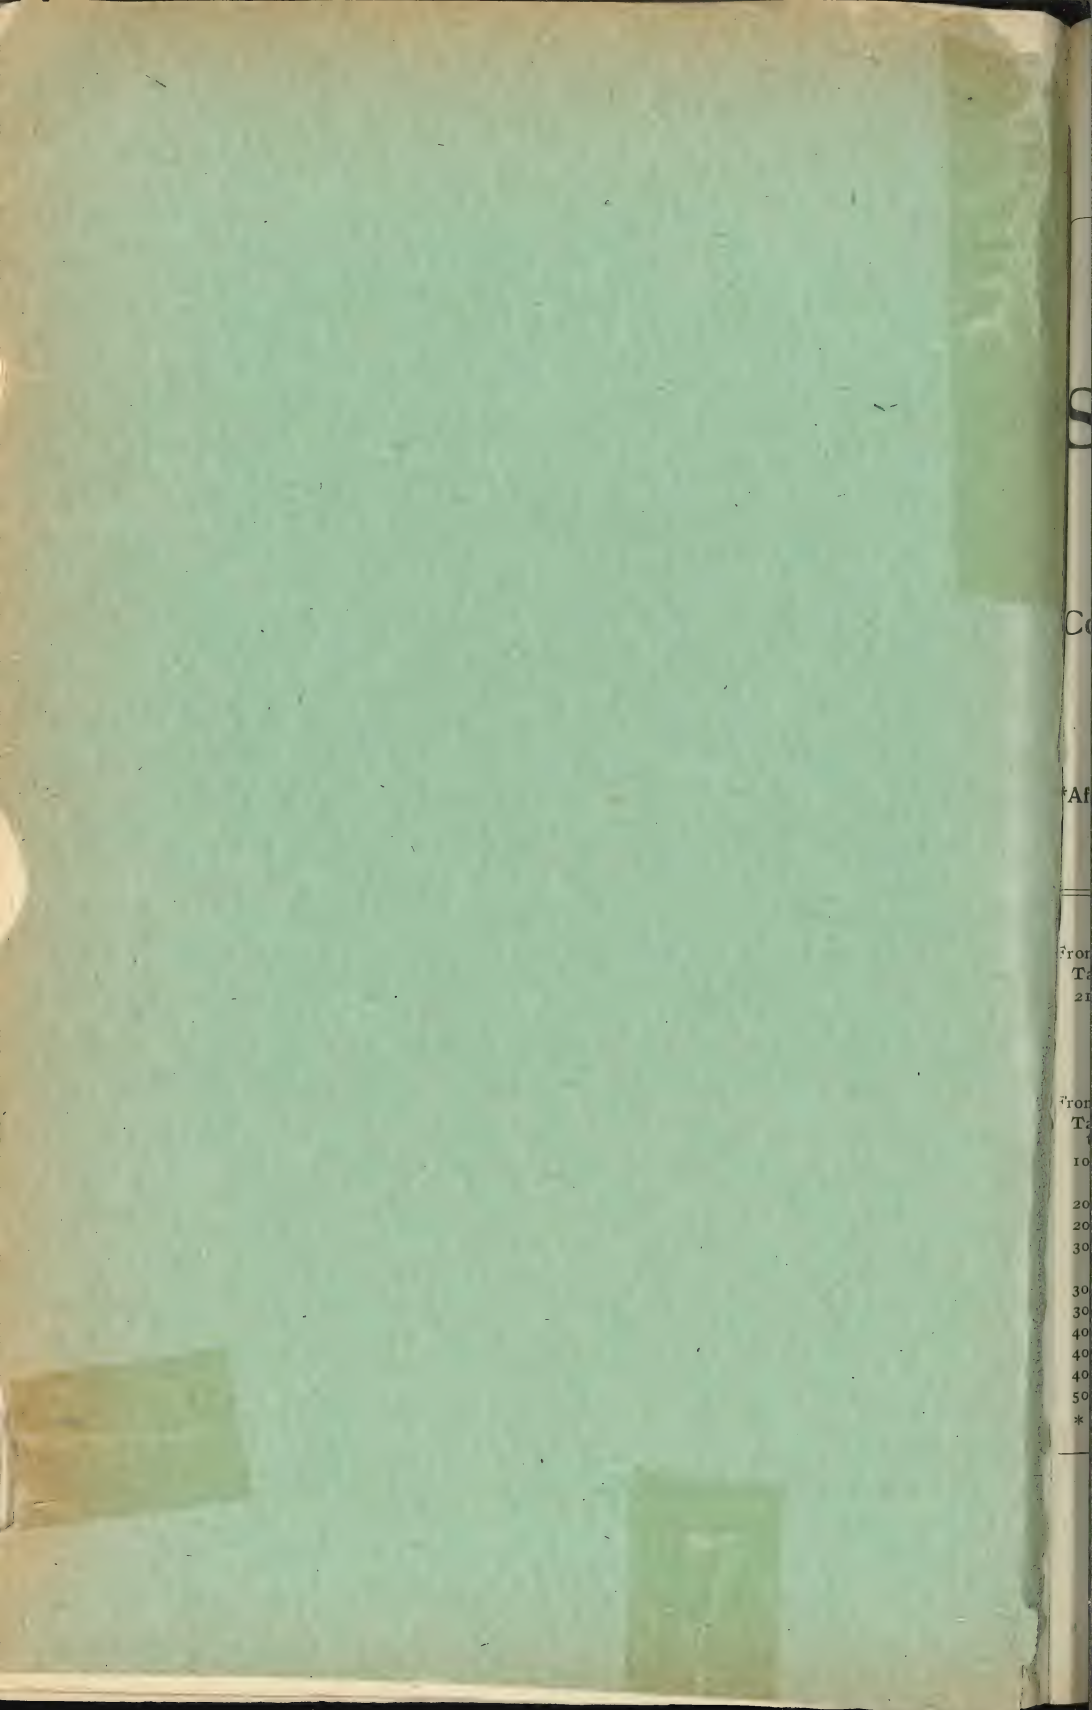

The convenience of a porch light, electric fan, electric soft water pump, electric laundry irons, curling irons, cooking utensils and sewing machine motors at a moderate cost. Talk with the Manager of the Light Department.

Hot Water Heat in your Business Houses and Homes

Insures a June atmosphere in zero weather and a uniform temperature in every room. A thermostat controls the temperature automatically by air pressure from the plant. Talk with the Manager of the Heating Department.
